

Fabric Care

Instructions

(Please copy and distribute as needed)

Rivar's Makes It Simple!

Rivar's makes caring for your performance apparel easy, with fabrics that are both washable and durable. With proper care and maintenance, your Rivar's, Inc. garments can last a very long time. *All of our fabrics are hand washable in cold water with a gentle detergent (i.e. Woolite) and hang to dry.**

All fabrics may be adversely affected by any, or all of the following:

- Deodorants
- Hairspray
- Perspiration
- Heat
- Direct and extended exposure to sunlight

Rivar's, Inc. recommends the following precautions for ALL fabrics:

- Use ONLY clear/non-whitening deodorant.
- Avoid using hairspray while wearing performance apparel. Wear a "cover-up" garment to avoid the spray coming in contact with fabric.
- Do not expose fabrics to direct heat (i.e. dry cleaning, steam irons, etc.).
- Do not allow garments to hang in direct sunlight for extended periods (i.e. in cars, etc.).
- Please contact your Rivar's, Inc. sales representative, to inquire about specific fabric needs, requirements or to request test swatches for cleaning.

Please Note:

- Rivar's, Inc. cannot guarantee fabric availability and/or dye lots. Talk with your sales representative at the time of your original purchase to discuss available options for add-on garments.
- Please be aware that minimum yardage requirements may apply for some fabrics.
- Rivar's, Inc. reserves the right to discontinue any fabric, at any time, without prior notice.
- No warranty is expressed or implied on any fabrics used by Rivar's, Inc.
